Looking For Members To Lend Their Expertise!

AAMVA is looking for additional jurisdiction members to lend us expertise. Serving on a committee is an ideal way to influence policy, develop best practices and network with your peers.

The charts on the AAMVA Web site (in the "[Committee Opportunities](#)" tab) shows the specific positions that we are seeking jurisdiction members to fill on our three standing committees. If a region is indicated, the applicant chosen will be from that region. If the region is shown as N/A, the applicant chosen could be from any region. We attempt to maintain jurisdictional and regional balance on all committees and working groups.

PA Wins Extension For Federal Real ID Program

Pennsylvanians planning to visit a military base or federal building that requires identification can breathe a little easier, for now. The Department of Homeland Security this week issued a limited extension to the commonwealth through July 10 that allows Pennsylvanians to enter federal facilities without additional identification. PennDOT announced the extension Tuesday. [Read the article on ReadingEagle.com.](#)

Drug-Related DUIs On The Rise In Pennsylvania

Driverless Cars Targeted by Hackers, Says Report

A New York Times report stated criminals have actively been developing, trading and deploying tools that can intercept car key communications, and only a laptop and codes are needed to harm people driving driverless cars. [Read the article in softwaretestingnews.co.uk.](#)

U.S. Plans To Update Self-Driving Guidelines In Coming Months

President Donald Trump's administration will unveil revised self-driving guidelines within the next few months, the head of the U.S. Transportation Department said on Monday, responding to automakers' calls for regulations that will eliminate barriers and allow autonomous vehicles on the road. [Read the article on reuters.com.](#)

Self-Driving Cars Won't Decrease Traffic, Researchers Say

Self-driving cars might make your future commute a lot more pleasant, but they won't eliminate traffic. Execs like Google cofounder Sergey Brin have touted traffic reduction as one of the many benefits of having self-driving cars on the road. [Read the article on businessinsider.com.](#)

Toyota Flying Car? Automaker Pursues 'Aerial Solutions,' Backs Start-Up

It seems like a ways away, but Japan is already gearing up for the 2020 Olympic games. And they have one pretty innovative idea. It would be a truly Olympic feat. A start-up backed by Japanese automaker Toyota revealed a rudimentary prototype of a flying car, aiming to whisk a driver through the air to light the Olympic torch in Tokyo in summer 2020. [Read the article in USAToday.com.](#)

New 'Do Not Disturb While Driving' iPhone Feature Hides Alerts, Sends Auto Replies

Apple announced on Monday a new iOS 11 featured called "Do Not Disturb While Driving" that mutes notifications and sends automatic replies if you receive a message while driving. [Read the article in wne.com.](#)

Autonomous Cars (No Human Backup) May Hit the Road Next Year

Autonomous vehicles with no human backup will be put to the test on publicly traveled roads as early as next year in what may be the first attempt at unassisted autonomous piloting. [Read the article on usnews.com.](#)
