National Motor Vehicle Title Information System Update

2016 AAMVA Region IV Conference

Portland, Oregon
May 17, 2016
Thomas Manuel
• Highlights
• State Program
  • Status
  • New Tools
  • Performance Management
• SQL Server Production Upgrade
• JSI Reporting Program
• Consumer Access Program
• Law Enforcement Access Program
NMVTIS has seen significant growth in the past year

- Contains over 1.2 billion records
- Processed over 17 million transactions each month
- 49% increase in consumer access transactions
- JSI information is available to states through all modes of inquiry
- Membership passed NMVTIS Policy that encourages states:
  - To require dealers to obtain a NMVTIS report or other vehicle history reports that contains NMVTIS data
FY2016 – FY2017:

- District of Columbia – *Gray to Green*
  - Fully Integrated Online in 2016
- Rhode Island – *Gray to Green*
  - Fully Batch in 2017
- Vermont - *Gray to Green*
  - Fully Integrated Online in 2017
- Mississippi – Contract awarded. Implementation Summer 2017

DOJ conducted outreach to some Yellow/Gray States concerning compliance status, conference calls held follow-ups expected
State Web Interface Update Version 3.0

New Features:

• Access to additional detailed title information from the Current State Of Title (CSOT)
• Anomalies
• Pilot mode for several months
• Full cutover began May 14, 2016

Data Integrity Tools Available

• Designed to compare, correct and restore NMVTIS data inline with that of the state’s
• Enhances the integrity of NMVTIS data

If interested, please contact tmanuel@aamva.org or helpdesk@aamva.org
• Focus since 1996 has been on state development and implementation

• State program is the oldest, largest and most robust part of the system

• Now, with 96% vehicle population represented, shift focus to realizing the full benefits of NMVTIS, through effective performance
Business Rules Working Group (BRWG)

• Formed to:
  • Resolve state business issues related to NMVTIS.

• Developed a Performance Management Concept (PMC) with:
  • Monitoring system activity
  • Illustrating jurisdiction’s performance
  • Providing incentives to participate effectively
1. Key Elements
2. AAMVA & State Monitoring
3. Self Review
4. Awards
• SQL server production upgrade on July 23 and July 24
• Will require down-time from Saturday evening at 6:00 pm through Sunday night
• All inquiry (state, consumer & LE) and updates will be unavailable
• Notification will be sent once the schedule is finalized
• Consistent growth
• Recent flooding underscores importance of timely reporting by all entities
• DOJ issued reminder notice
  • States encouraged to reach out to business to report as soon as possible.
• NMVTIS statute authorizes DOJ to impose and collect civil penalties:
  − Junk yards, salvage yards and insurance carriers, any business that handles 5 or more junk/salvage vehicles annually
  − Failure to report to NMVTIS punishable by civil penalty
  − Over 200 cases of non-reporting reviewed in 36 states

• Over 1.5 million VINs reported that otherwise would not have been

• As of this month 8 companies have been fined over $2M
Steady Growth - 49% increase
4.9 Million billed transactions in FY2014
7.4 Million billed transactions in FY2015

Consumer Access Billed Transactions
Inception - March 2016
(thousands)
• Collaboration with DOJ focus on four key areas:
  1. Number of Providers
  2. Pricing
  3. Provider Application/Selection process
  4. Contract
• Recommendations approved by AAMVA Board and DOJ
• Changes have been implemented, currently accepting applications to become “Approved NMVTIS Data Provider”
• Streamlined approval process for states to request use of credits:
  - Approval only required if changing use from previous year
  - No action required otherwise
  - State NMVTIS POCs

• FY2015 states earned over $942K in revenue credits

• Of the 44 states that are eligible to earn credits:
  - 23 states used credits toward FY2016 NMVTIS state fees
  - 21 states escrowed credits for future use
• Law Enforcement Access Tool (LEAT) rolled out by BJA:
  • Based on recommendations from NMVTIS Law Enforcement Working Group (LEWG)
• LEWG met in April – strategic goals and tasks
  • For more details please contact: bursino@aamva.org
• BJA has taken steps to expand awareness of the LEAT within the LE community:
  • Advertising in LE publications/websites
    • Police Chief
    • American Police Beat
    • Law Enforcement Magazine
