AUTONOMOUS DRIVING: NEVADA’S PERSPECTIVE

Redefining Driving
Effects the Entire State
The Technology is Changing & Will Not Wait
Continuous Momentum

NEVADA IS EAGER TO PROGRESS
REDEFINE RELATIONSHIPS

• Nevada is Looking for New Ways to Partner
  • Manufacturers
  • Technology Companies
  • Agencies
  • Universities
  • Other States
    • Reciprocal Agreements
FORGE PARTNERSHIPS

- Partnerships are key

- 3 Types of partnerships
  - Do nothing
  - Over regulate
  - Middle ground

- Protecting our citizens
  - Without sacrificing safety
  - Without stifling industry
BROADEN & EXPAND PERSPECTIVE

- Innovative Technology Companies
- Automobile Manufacturers
- Expanding Regulations
- Researching Latest Technology
  - Platooning
  - Cooperative adaptive cruise control
- V2I & V2V
NEVADA’S FUTURE

- Center for Advanced Mobility Committee
  - Created by Nevada’s Governor – Jan 2016
  - Expanding committee roles
  - Redefining requirements and multi-agency roles
  - Reach out to innovative companies
  - Embracing revolutionary technology
  - Common sense safety approach
NEVADA’S FUTURE CONT.

• Modernizing our Process
• Expanding State Regulations
• Developing Consumer Program
• Reciprocal Agreements
Nevada is proud to be the first state to embrace this emergent technology and we look forward to continued partnerships as the technology evolves.
