

# South Dakota Driver Licensing Program and Division of Motor Vehicles

## South Dakota Driver Licensing

- Implemented a new DL system built in-house (SDDrivers) on January 1, 2016
- Completed testing with AAMVA and SSA and are in production with DLDV
- Went live with S2S on October 2nd

## Motor Vehicle Title & Registration

- Increased Reliability
- Improved Technology
- Leaner System
- User Friendly System
- Better Reporting and Accounting Functions
- Upgraded Security Features and Controls
- Future Technology Opportunities
- Start Date May 2016
- Projected Completion Date Summer 2018

# Plate on Demand

- Considering and researching going fully plate on demand
- 66 County Treasurers who are able to process plate applications/renewals, but would not have license plates in inventory
- Oversight at fulfillment center
- Implementation?
