Motorcycle Fatalities in Ontario up Compared to Last Year

The OPP is reporting that motorcycle-related deaths on patrolled roadways are up 300 per cent compared to this time last year. Officers say in May there have been four deaths. Two of the four were described as driving properly at the time. Those incidents give a reminder to the fact that even with safe operation, motorcyclists are vulnerable on the road when sharing with other vehicles and that motor-vehicles play an important role in motorcycle safety. ARDOT Raising Speed Limit on Highways and Interstates (Arkansas)

Hitting the highway is about to be a little faster across the state. The Department of Transportation is getting ready to raise the speed limit on highways and interstates. State highways will go up five miles per hour. Interstates inside the city will be 65 MPH and outside will jump to 75 MPH. This also applies to other four-lane divided highways in the state. There was some concern about the increase causing more accidents. [Read more at fox16.com.](#)

Tennessee Roadway Deaths Down Overall but Pedestrian, Teen-Involved Deaths Up

Tennessee roadway deaths involving teen drivers and pedestrians is outpacing five year highs set in 2019. Despite significant year-over-year drops in the months of April and May as the COVID-19 pandemic affected the daily routines of Tennesseans, the number of pedestrians and deaths involving teen drivers to date is still higher than last year.
