AAMVA's 2019 Region 4 Conference takes place this week, July 15-17, in Denver, Colorado! Register online today! The conference provides an opportunity for you and your peers to discuss relevant driver's license, motor vehicle and law enforcement related issues. As with every AAMVA conference, the ability to network is one of the most beneficial experiences, and this year's regional conference provides several networking opportunities, as well as interactive learning opportunities. Jurisdiction attendees will learn about the successes and challenges of others, share ideas, build relationships, and discover the many products and services provided by our industry partners that can assist in your mission. Industry attendees will have the opportunity to meet with key players in the driver's license, motor vehicle and law enforcement arenas. Visit the 2019 Region 4 Conference Website for more information and to register!

Managing Data Privacy Working Group Survey
AAMVA's Managing Data Privacy Working Group needs your input to help jurisdictions implement best practices aimed at strengthening privacy, while addressing the operational data sharing responsibilities. To assist the Working Group, we request your agency's input with two surveys. One survey focuses on agreement with other organizations that request data, data governance and personnel. The second survey focuses on data requests and audit & accounting procedures. Please respond to these surveys by July 31. If you have any questions, please contact Julie Knittle. Thank you for your assistance.

AAMVA Staff Presents at SPPADS Conference
On July 10, 2019, Brian Ursino, AAMVA Director of Law Enforcement presented to the IACP Division of State & Provincial Police Academy Directors (SPPADS) conference in Nashville, TN. Brian provided an abbreviated version of "AAMVA, Yeah We Do That" and then focused on the many AAMVA training products available that SPPADS commanders could consider including in their various training curricula.

This Week's Webinar
NMVTIS State Web Interface (SWI) – How to Correct Title and Brand Data on the Central Site
July 16, 2019, 2-3 PM (ET)
In the past, states contacted the AAMVA Help Desk directly if they needed to make a data correction. As part of the NMVTIS reengineering effort, a Help Desk feature was created to allow states to correct their title and brand data on the central site. When states perform their own data corrections the timeliness and accuracy of the data corrections improves substantially. This webinar is focused on explaining the capability of the Help Desk feature as included in the SWI. Data correction scenarios are explained and matched to the correct update operation within the SWI. A brief overview of the SWI application will also be provided.

*Note: This webinar is for AAMVA jurisdiction and federal members only.*

### JURISDICTION NEWS

**Charitable Causes See Record Proceeds from Specialty Plate Sales (Arizona)**
Specially license plates each have a unique look, but one thing they all have in common is the ability to raise a record amount of money for Arizona charitable causes. In Fiscal Year 2019, which concluded June 30, a total of just over $11.2 million were raised for endeavors ranging from support of Arizona veterans programs, Special Olympics, organ donation, hunger relief, university scholarships and many other causes. ### FEDERAL NEWS

**DHS Issues Real ID Information Collection Request**
The United States Department of Homeland Security has issued an information collection (ICR) request with respect to “Real ID: Minimum Standards for Driver’s Licenses and Identification Cards Acceptable by Federal Agencies for Official Purposes.” The ICR is needed because DHS must make a full compliance determination that a state has met the requirements of Real ID, including record keeping and periodic certification. The ICR cites numerous program compliance requirements and provides that no program changes or new requirements have been established as a result of the collection. Given the direct correlation to State...
Driver License Agencies, AAMVA asks its members to pay particular attention to the collection requirements and the burden hours cited in the "Analysis" section of the ICR. Any members wishing to submit comments are encouraged to copy governmentaffairs@aamva.org so that AAMVA may reflect those comments in its own. Comments are due by August 12, 2019.

NHTSA Requests Comments on Crash Report Sampling System ICR
On July 12, 2019, the National Highway Traffic Safety Administration (NHTSA) published a notice and request for comments on the extension of an information collection request (ICR) for the Crash Report Sampling System (CRSS). The request would allow NHTSA to continue to collect a sampling of data from police-reported crashes to provide timely crash statistics. Comments are due by Sept. 10.
