July 27, 2020

AAMVA Needs Your Input for Our New Website!
As you may know, we have been working on redesigning our website, www.aamva.org. We're testing some navigation concepts for the new site and would like your feedback. It'll only take 10 minutes or less, and you don't have to be familiar with AAMVA's current website to participate. Just click here to do the exercise. We appreciate your input!

New AAMVAcast Episode
In this episode, our host, Ian Grossman, speaks with Georgia Steele about transitioning to her new role as Chief Performance Officer with the Georgia Department of Revenue, and how her knowledge of the DMV world informs her view of strategic planning and change management. You can find AAMVAcast on its own website, aamvacast.podbean.com, or on Apple podcasts, Google podcasts, Stitcher, and Spotify. We'll be releasing new episodes every Monday featuring conversations with our host, Ian Grossman, and members of the AAMVA Community. Subscribe today!

AAMVA Conference Session Series--
People First: Assisting Customers with Special Needs
July 29, 2020, 2:45-3:45 pm (ET)

With little to no medical training, customer service representatives are tasked with the difficult responsibility of identifying customers who may have special needs or medical conditions that may hinder their ability to drive, even temporarily. This webinar session will cover best practices on how CSRs can passively evaluate for symptoms or behaviors that may require additional screening without being intrusive or offensive and explore solutions that some jurisdictions have implemented to successfully meet the specific needs of differently-abled customers.
