I-94 Automation

Operational Overview

- As of May 14, 2013, travelers arriving in the air and sea environments are not given a paper form I-94. Instead, an electronic admission record is now created.
- All travelers requiring an I-94 are provided a properly-annotated admission stamp in their travel document.
- CBP recognizes that Form I-94 is widely used by DHS components and external stakeholders, and has established an I-94 website where a traveler can access their admission number.

I-94 Reference Guide

(available in Web3 Online Resources)

Form I-94: Issued by CBP prior to Automation at Air and Sea Ports of Entry

This version of the I-94 was issued by CBP to air and sea travelers prior to automation.

Form I-94: Issued by CBP after Automation at Air and Sea Ports of Entry

This version of the I-94 will be issued by CBP in limited circumstances to special classes of aliens after Form I-94 is automated. The electronic admission number will be handwritten on the form.

Global Entry I-94

This version of the I-94 is issued by Global Entry (GE) kiosks. GE is a program that allows expedited clearance for pre-approved, low risk travelers.

CBP I-94 Website Printout

Once Form I-94 is automated, travelers will have access to their electronic I-94 via www.cbp.gov/I94. The website printout serves the same purpose as any other I-94 version.

Form I-94A: Issued by CBP at Land Border Ports of Entry

This version of the I-94 is issued at both Northern and Southern land border ports of entry.

Passport with Admission Stamp

The CBP admission stamp is issued at ports of entry upon arrival. The stamp is pinned on a passport or travel document and notes the date of admission, class of admission and admitted until date.
