2015 Annual International Conference Wraps Up

The 2015 Annual International Conference has officially come to a close, but it was a great three days full of information and resources for AAMVA members, plenty of networking with jurisdictional and industry colleagues, and a lot fun. We got the conference started off right on Tuesday with the Opening General Session and Annual Membership Meeting and the Iowa State Fair reception to wrap up the first day. Attendees had opportunities to network on Wednesday at their jurisdictional Town Hall sessions and during Quick Connect in the Exhibit Hall. And Thursday saw our Traditional Past Chair's Breakfast, the Awards Luncheon, and the Iowa State Banquet to send everyone home on a great note. Check out the [AIC Landing Page](#) to [download presentations](#) from the conference, visit [AAMVA's flickr page](#) to see photos of our time in Des Moines, and get a snapshot of the 2015 Annual International Conference in this [wrap-up video](#).

AAMVA at GHSA Annual Meeting This Week

AAMVA is proud to be participating at the Governors Highway Safety Association's Annual Meeting this week in Nashville, Tennessee. Drunk, Drugged & Distracted: Reaching High-Risk Drivers is the theme for the 2015 GHSA Annual Meeting. General sessions will address how to curb the most dangerous driver behaviors to reduce crashes, injuries and fatalities on our nation's roads. AAMVA President & CEO Anne Ferro will be speaking at the conference on Tuesday, September 1st, and attendees can catch up with AAMVA at our booth in the exhibit hall. Visit

<http://www.ghsa.org/html/meetings/annual/2015/index.html> for more information.

AAMVA at Symposium: New GDL Framework

AAMVA's Karen Morton attended a symposium to discuss implementation issues related to a New GDL Framework hosted by the National Safety Council, the Traffic Injury Research Foundation, and NHTSA. The objective of the symposium is to develop an implementation plan that will inform states and provinces in their efforts to improve young and new driver safety. Attendees included practitioners in driver licensing and driver education, young and new driver program administrators and policy advisors, representatives of Highway Safety Offices, relevant in-vehicle technology companies, and a few select experts in GDL and young/new driver research among others.

New Best Practices Guides Available

Visit AAMVA.org to download the two latest additions to our library of Solutions and Best Practices:

[Facial Recognition Program Best Practices Guide](#), and

[Ignition Interlock Program Best Practices Guide](#).

The *Facial Recognition Program Best Practices Guide* is a new resource for jurisdictions, with chapters covering Program Development, Operations, Technology, Training, Privacy Issues, Sharing of Images, Outreach & Education, and some Success Stories. DMVs with up and running programs

can compare their business and operational practices against these best practice recommendations to improve their existing program, while DMVs just starting a Facial Recognition program can use the best practices document as a

blueprint to help them build a strong program from the ground-up.

AAMVA's *Ignition Interlock Program Best Practices Guide* offers guidance for DMVs legislatively charged with administering ignition interlock programs, and has chapters covering Ignition Interlock Program Types, Manufacturer and Participant Oversight, Standardized Reporting Processes, Reciprocity Issues, Outreach & Education, and Ignition Interlock Program Evaluation. Accompanying the Best Practices Guide is a training video for law enforcement that covers what officers should do when they encounter a driver who is operating a vehicle equipped with an ignition interlock device.

Visit AAMVA.org to download both documents now.

Registration Open for Region III Information Exchange

Registration is now open for the 2015 Region III Information Exchange, November 3-5, 2015 at the [Hilton Chicago/Oak Brook Hills Resort & Conference Center](http://www.aamva.org/2015-Region-III-Exchange/). Upcoming Webinars

NMVTIS State Web Interface (SWI) 3.0 - Understanding the New Data Elements

Tuesday, September 1, 2015, 2:00 - 3:00 pm (EDT)
Tuesday, September 8, 2015, 2:00 - 3:00 pm (EDT)
Tuesday, September 15, 2015, 2:00 - 3:00 pm (EDT)

In addition to the Title, Brand, Theft and Junk, Salvage and Insurance information currently returned by the SWI, the application will now display State Vehicle Data from the State-of-Title (SOT) titling system. Users of the SWI will learn how to interpret the 40+ data elements that are returned from the SOT and under which conditions State Vehicle Data is provided. They will also learn about screen navigation and how State

Vehicle Data is displayed. Note: This webinar is for AAMVA jurisdiction and federal government members only. If you are a member and wish to register for this webinar, please login to the site, and go to the [Members Only webinars page here](#).

Facial Recognition Program Best Practices

Wednesday, September 9, 2015, 2:00 - 3:00 pm (EDT)

This webinar will provide an in-depth overview of the recently published (August 2015) Facial Recognition (FR) Best Practices Guide. Areas of focus include FR Program Development and Enhancement; Operations, Technology, Training, Privacy Considerations, Image Sharing, and more. Note: This webinar is for AAMVA members only.
