Our nomination for Examiner Of The Year, from Utah, is Lynda Bishop.

Lynda has been serving the public as a Certified Driver Examiner for 8 years. During this time her service has been more than exemplary. She has the ability to put the customer at ease while at the same time maintaining integrity in her examination of their knowledge and skill.

As an Examiner, Lynda excels at everything she does. She is awesome at processing applicants, verifying documents, has excellent critical thinking and problem solving skills and has a great sense of understanding people. Applicants and members of the public frequently make comments about her assistance and the kind way she treats them. Lynda is relied upon by her fellow employees for her knowledge and ability. If her expertise is asked for, she is always willing to go the extra mile to help out.

Lynda is recognized and respected throughout the law enforcement community in Davis and Weber Counties as a professional Certified Driver Examiner who is fair, but thorough, in performing her examining duties. Lynda is a representative of the CDE Professional Code of Ethics as she is exemplary in her conduct and always represents state government and our division in a commendable manner.

Lynda has recently moved on to a Hearing Officer position, but continues with Examiner duties on a daily basis. Her current position allows her to put her professionalism and knowledge to excellent use as she follows the process of the Review Examination. The process is extremely complex, and she uses excellent customer services skills as she very capably takes people through the process with care and compassion, while maintaining the high standards set by the State of Utah. During the review process, you must gather extensive information regarding the applicant's knowledge and skill, as well as their mental and physical fitness to safely operate a motor vehicle. While testing the applicant, Lynda also makes sure they are given every bit of information necessary for them to complete the process. After all information is gathered, she takes extreme consideration making a decision, if the applicant is capable of full driving privileges, restricted privileges, or all driving privileges removed.

Based on the recommendation of Utah Driver License Division Administration, Lynda Bishop meets all standards of Examiner Of The Year.
