the Secretary of State

**Bureau of Motor Vehicles**

Matthew Dunlap  
Secretary of State

Patty Morneault  
Deputy Secretary of State

Linda Grant  
Director of Driver License Services

December 1, 2016

Annually, the Maine Bureau of Motor Vehicles in collaboration with the American Association of Motor Vehicles (AAMVA), seeks to honor an individual as Examiner of the Year. This award is given to a Certified Driver Examiner (CDE) who regularly adheres to the Examiner Code of Ethics reflecting **P**ride (**P**rofessionalism, **R**espect, **I**ntegrity, **D**iligence and **E**quality). This year's recipient embodies each of the components reflecting "Pride". Equally important, is this individual's personal character and daily delivery of quality customer services to Maine citizens.

This year's nominee was described by a peer in these words;

*"I would like to make a nomination for the next Examiner of The Year. My nominee is the very definition of the words "consistency" and "hard worker". This examiner rarely calls in sick to work, not only that, they arrive early and ready to work every day. Not only does this examiner get to work before everyone else, they are the first out the door to grab the extra test. I have seen this person treat every applicant the same no matter what time of day it is or who they are. This examiner conducts road evaluations the same way, "by the book". You can't get any more consistent than that. This person is always polite in their own down home straight forward way. There is never any question as to what they said or what they were asked to do. They are always clear with expectations and directions. This examiner will always go out of their way to help out a fellow examiner who may not be feeling well by taking the extra test. They always do what their supervisor asks them to do. My nomination for the Examiner of The Year award is Daniel Young."*

With such accolades of praise and sentiment amongst peers, it is with great "Pride" that Daniel Young is named Maine's Examiner of the Year. Congratulations Dan! Your contributions towards highway safety and delivery of prompt, efficient public services reflect positively on your work ethic. I am proud of you and your efforts as part of the Maine Bureau of Motor Vehicle's team.

Larry Boivin  
Chief Driver License Examiner
