Scope Creep or Increasing Value: Non-DMV Work – Embrace or Prevent?

Troy Dillard, Director
Nevada DMV

Tdillard@dmv.nv.gov
Mission and Vision

To modernize and reinvent DMV services through technology, innovation, customer service and training while guarding against fraud and protecting the driving public through licensing and intervention practices while ensuring privacy protection of DMV records.
Medical Marijuana

- Registry cards issued at DMV offices
Zero Fatalities/Impaired Driving Task Force

- Working with other agencies on highway safety issues
Veteran’s Services

- Designation on DL and ID cards
- Disabled Veteran Special ID cards
- Veteran Exemption for Vehicle Registration
Motor Voter Registration

- Voters can register at DMV when they apply for or renew a DL or ID card.
Donate Life organ donation

- Organ donation options are included in the Driver License process
Autonomous Vehicle

- Nevada is one of the first states to license testing of Autonomous Vehicles
DMV is one of the state’s chief mechanisms for tax collection
Off-Highway Vehicle

- OHV’s in Nevada are required to be registered
Compliance Enforcement

- DMV investigates cases of fraud and identity theft as well as complaints against auto dealers, body shops, garages, emissions inspection stations and driving schools.
Nevada Electrical Vehicle Accelerator

- NEVA is developing a functional public charging station network
- Codes and standards
- Fleet vehicle network
