CTDMV INSPECTION LANES

2012 (Jan-Dec) - Types of Lane Inspections

Total Lane Inspections = 16,816

*DMV Branch Offices conduct another 10,000 VIN Verifications per year for vehicles not previously registered in CT

ALL DONE IN PAPER FORM
NEW PROGRAM 7/8/13
VIN VERIFICATIONS
(Over 225 Locations for Public Convenience)

All vehicles must now be verified at a VIN verification station, EXCEPT:

• Abandoned Vehicles (also known as "ABA" vehicles)
• Amphibious vehicles
• Composite Vehicles (Dune buggies, kit cars, any homemade vehicles, motorcycles or trailers)
• Former military vehicles
• Grey Market Vehicles (Vehicles imported that may not conform to Federal safety standards.)
• Vehicles with an altered, missing or otherwise undetectable Vehicle Identification Number (VIN)

THESE VEHICLES MUST BE INSPECTED AT A DMV INSPECTION LANE
CTDMV INSPECTION Lanes

2012 (Jan-Dec) - Types of Lane Inspections

- VIN Verification: 5786*
- Salvage: 2086
- Warning Ticket: 1067
- Re-Inspection: 2076
- Misc. (STV): 1085
- Window Tint: 711
- VIN Assignment: 944
- Ambulance: 443
- Homemade Trailer: 759
- Taxi: 388
- Service Bus: 396
- Wrecker: 224
- Abandoned: 205
- Camp: 165
- Driving School: 132
- Composite: 61
- Trailer (Non-Cmr): 250
- Trailer: 24

Total Lane Inspections = 16,816

*Branch offices conduct approx. 10,000 VIN verifications per year for vehicles not previously registered in CT. Those will be eliminated under the new policy.

*Inspection lane verifications are expected to decrease by 50%.

VIN Verification Form

Test Center Information

Test Center Number: [Select] Test Center Name: Dealer/Reapair License Number: Test Center Address:

Vehicle Information

Vehicle Model Year: [Select] Vehicle Odometer: Vehicle Manufacturer: Vehicle Model:

Vehicle Body Type: [Select] Vehicle Plate Number: Plate State: [Select]

Verification Fee: $10.00

The manufacturer's vehicle identification number, listed above, has not been modified, altered, or removed from the vehicle, and the complete vehicle identification number has been examined in the two locations listed below:

Location 1:
Location 2:

Some vehicles may only have one verifiable VIN location, if so acknowledge 'Location 2' with “One Verifiable VIN Location”.

The Vehicle Identification Number listed above must correspond to one of the following documents:
- Manufacturer's or Importer's Certificate of Origin
- Certificate of Title
- Registration Document
- Foreign Registration Documents (e.g. grey market vehicles) must be referred to the Department of Motor Vehicles.

The vehicle identification number, listed on this form, cannot be verified on the vehicle presented for verification. The VIN number is either missing, has been modified, altered, or removed from the vehicle. The vehicle must be inspected by the Department of Motor Vehicles.
