About Us

Transportation safety advocates and professionals across Maine founded the Transportation Safety Coalition (MTSC) for the purpose of improving the safety of Maine roadways and byways. [Read more...](#)

A Message from the MTSC Chair

Thank you for visiting MTSC's web site. MTSC wants to be a transportation safety resource for you. It is my mission as Chair to promote the MTSC and to further spread the highway safety message to others. I believe that we as highway safety professionals are passionate about our role in saving lives on Maine's roads, but in order to make a difference that passion needs to be expressed and passed to others around us. If you have questions or suggestions on how we can promote important safety issues, please feel free to [contact us](#).

- Alan Vitcavage, Chair and the Executive Board

Maine Releases its 2014 SHSP

Maine publishes a new 2014 edition of its Strategic Highway Safety Plan

Maine has made significant updates to its Strategic Highway Safety Plan (SHSP). Last updated in 2012, the 2014 SHSP has many newly updated elements. This new edition has been approved by FHWA and was designed to meet a number of new MAP-21 requirements.
