

State-to-State (S2S) Verification Service

Cindy Taber-Lowry

S2S Governance Committee Coordinator

**safe drivers
safe vehicles
secure identities
saving lives!**

Agenda

- S2S Overview
- Implementation Timeline
- Upcoming Enhancements
- S2S Governance
- Advice for States Joining S2S
- Available Resources

S2S Overview

What is S2S?

- Provides functionality States have sought for many years - to achieve the goal of “One Driver - One License” for all drivers
- Allows a State to determine if an applicant has a DL or ID card in another state
- Allows all States to enforce their own laws, rules, regulations and policies
- Improves Driver License Compact compliance
- Automates the manual surrender & driver record history process

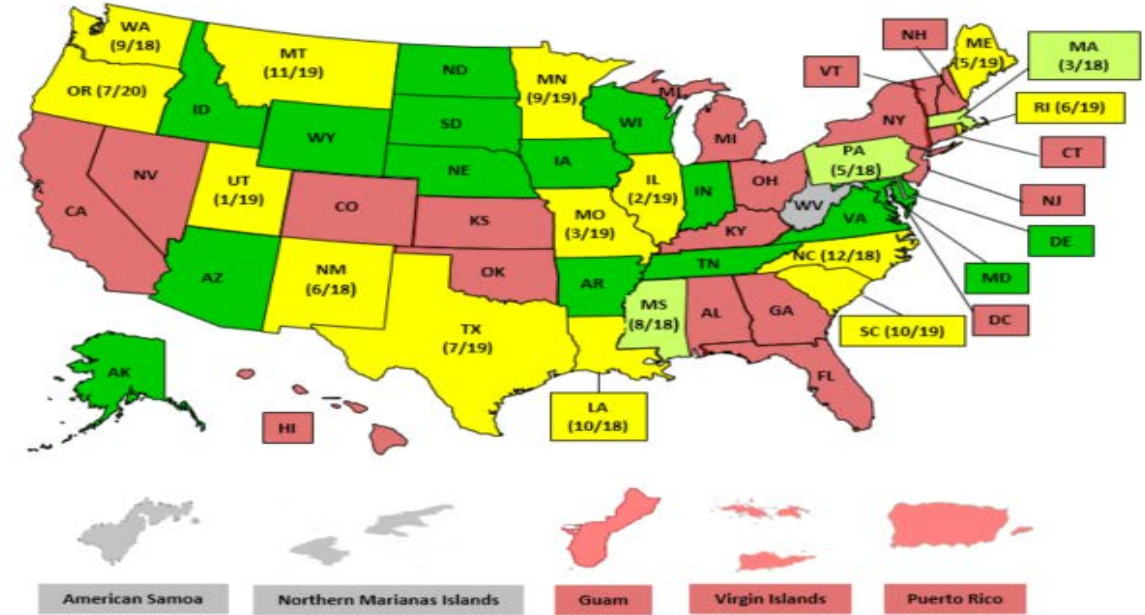

S2S Implementation Calendar

2018	Jan	
	Feb	Tennessee (March 5, 2018)
	Mar	Massachusetts (March 26, 2018)
	Apr	
	May	Pennsylvania (May 21, 2018)
	Jun	New Mexico (June 18, 2018)
	Jul	
	Aug	Mississippi (August 13, 2018)
	Sep	Washington (September 4, 2018)
	Oct	Louisiana (October 22, 2018)
	Nov	North Carolina (December 3, 2018)
	Dec	
2019	Jan	Utah (January 28, 2019)
	Feb	Illinois
	Mar	Missouri (March 4, 2019)
	Apr	
	May	Maine (May 6, 2019)
	Jun	Rhode Island (June 3, 2019)
	Jul	Texas (July 1, 2019)
	Aug	
	Sep	Minnesota
	Oct	South Carolina
	Nov	Montana
	Dec	

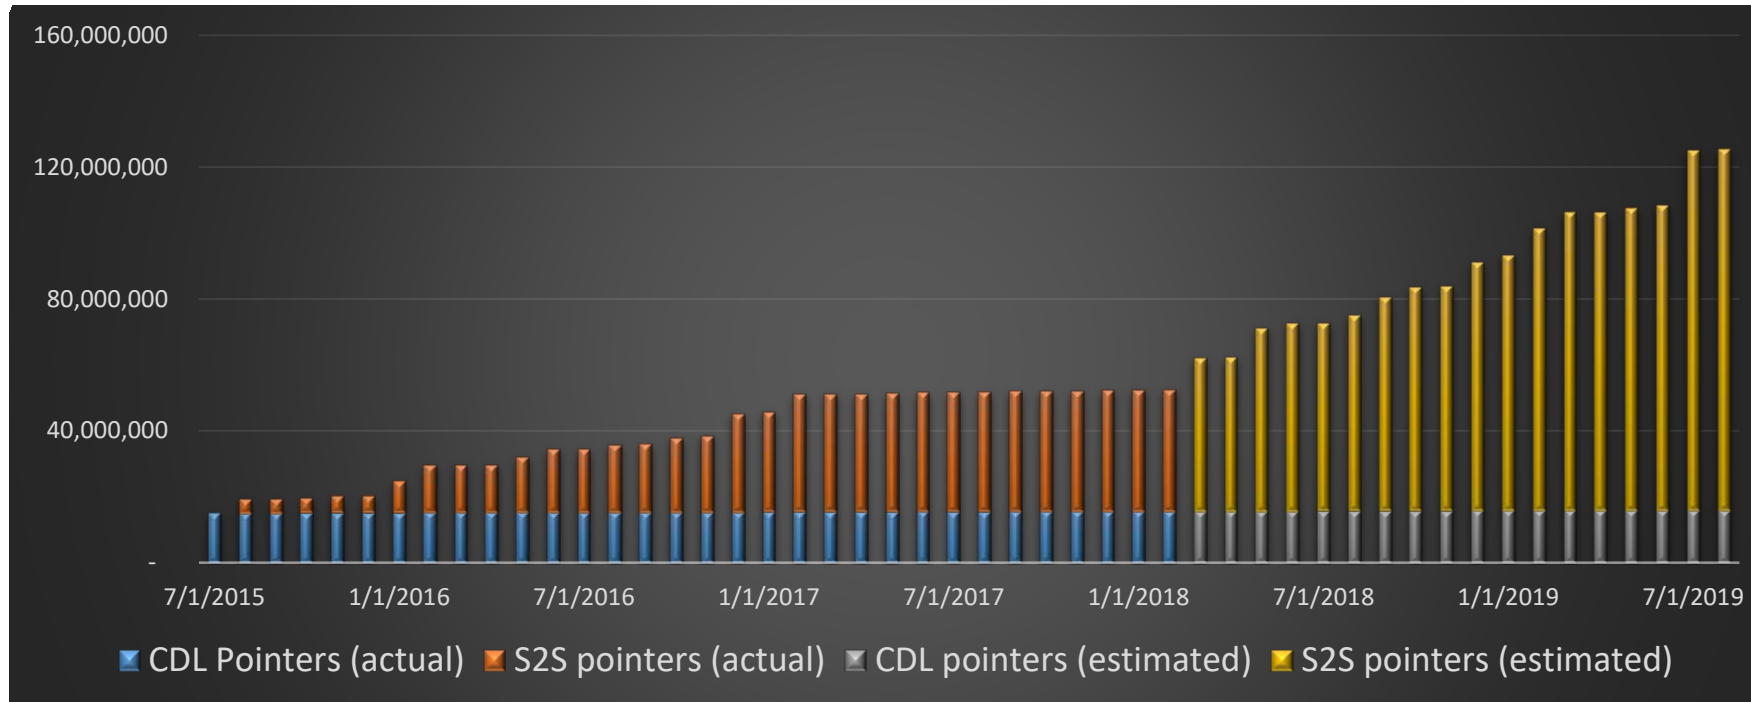

S2S Outreach Map

Current Status	Status	
No Contact	3	5%
No Implementation Date Provided	21	38%
Implementation Date Provided	14	25%
In Development	3	5%
In Production	15	27%

Pointers

- S2S States have visibility of all pointers
- Federal Agencies and CDLIS-only states do not have visibility of non-CDLIS pointers; can view CDLIS pointers only

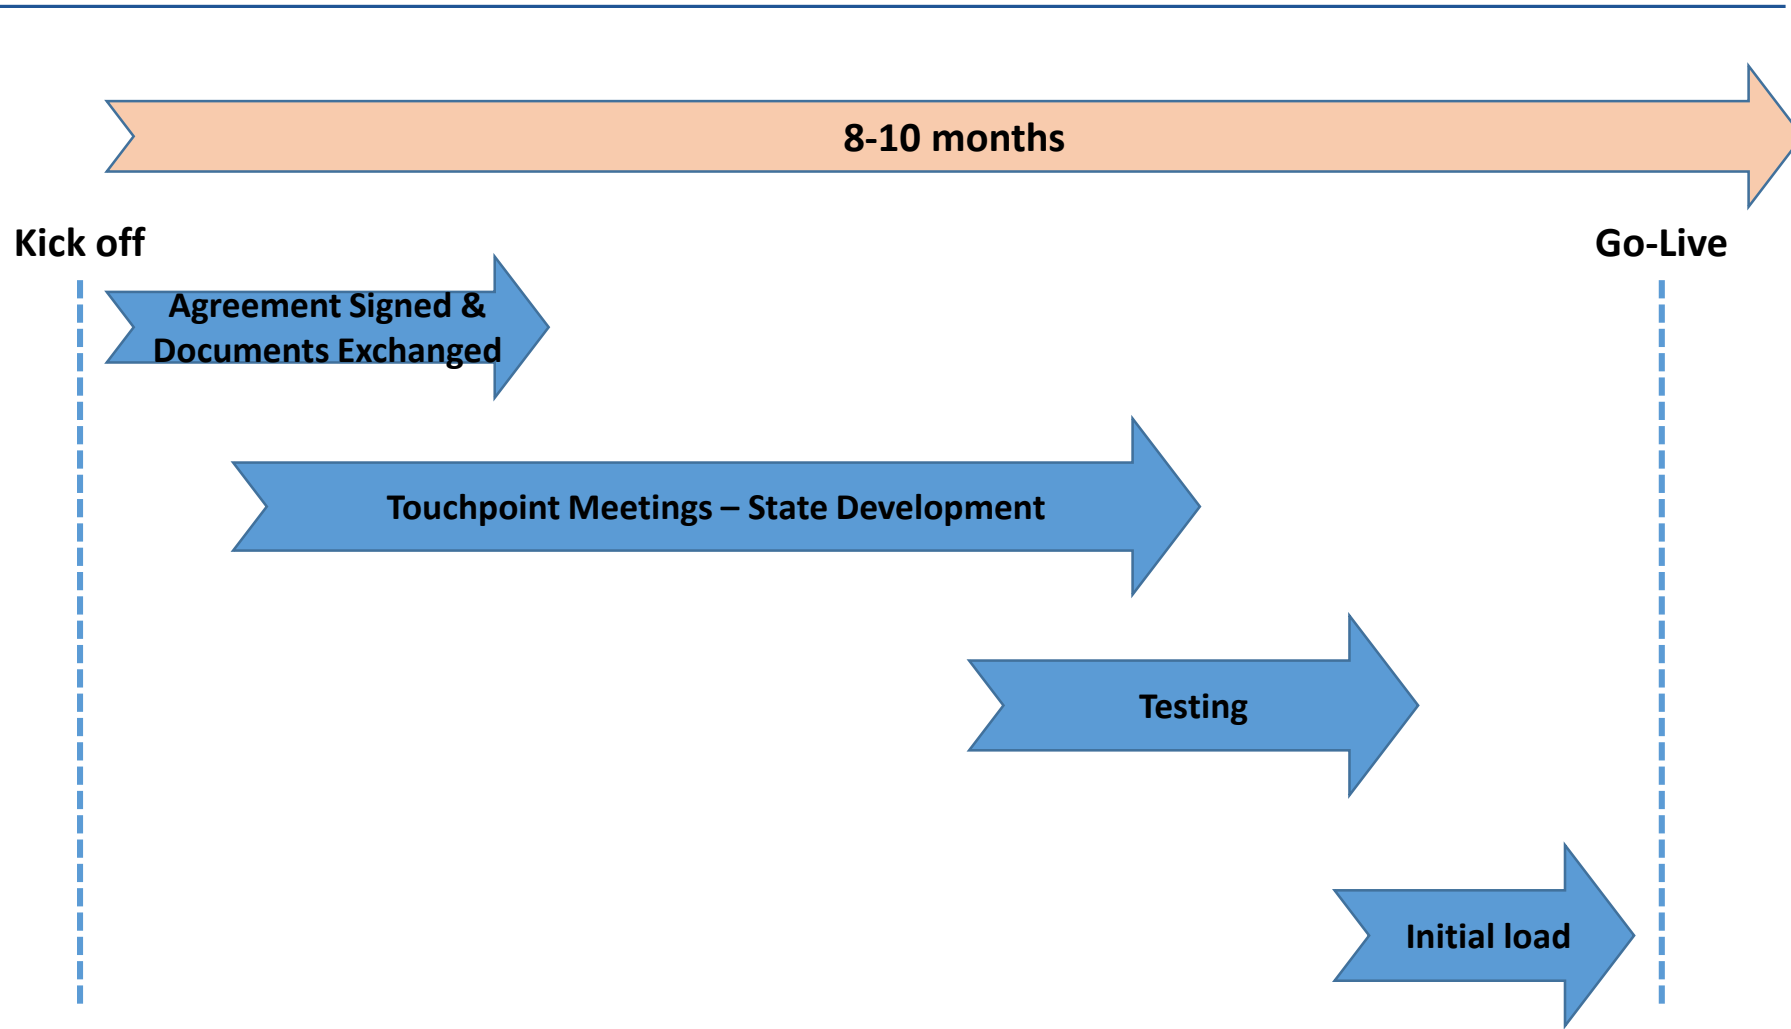

S2S Timeline

S2S Timeline

Loading of Credentials

- When a State joins S2S, during the go-live weekend, it must:
 - Update all existing CDLIS records
 - Load all REAL ID credentials
 - Load driver license credentials
- Loading customary ID cards is optional
 - If customary ID cards are not loaded during the go-live weekend, the cards will have be added on a day forward basis

S2S Governance

S2S Governance Committee

- Composed of S2S Participants
- Oversees all governance topics related to the program: participation, compliance, policy, finances, etc.
- Prioritizes initiatives for the S2S WG
- Meets monthly. Recent Discussion Topics:
 - Loading pointers during go-live
 - Guidelines on resolving potential duplicates
 - Prioritizing S2S Enhancements
 - S2S User Group meeting
- [S2S Governance Committee Contacts](#)

Upcoming Enhancements

Upcoming Enhancements

- Facilitate resolution of potential duplicates
- Leverage S2S to support one driver – one driver history record
- S2S Working Group meets weekly to review specifications; in-person meeting being scheduled for the first week of June
- Scheduled for completion by March 2020

Advice for States Joining S2S

Indiana and South Dakota

- Advice for States planning to join S2S
 - Maintain two testing environments, CDLIS and S2S
 - Find, assign and maintain adequate resources
 - Run multiple CD31(s) in the 4-6 months prior to go-live
 - Have a solid plan for reviewing potential duplicate false positives with matches

Questions

- **Ashish Regmi**
S2S Project Manager, AAMVA
aregmi@aamva.org
- **Sri Prakash**
Lead Business Analyst, AAMVA
sprakash@aamva.org
- **Cindy Taber-Lowry**
S2S Governance Committee Coordinator, AAMVA
