Our Mission
A faith-inspired organization, Clinic with a Heart serves the uninsured and underinsured through a ministry of healthcare. Our volunteers provide free healthcare with hospitality, dignity and grace.

History
In 2002, a team from St. Mark's United Methodist Church went on a mission trip to Reynosa, Mexico, providing temporary medical care to the poor at a Mexican dump site. The trip planted a seed with the team -- if we can do this in Mexico, why can’t we do this in our own backyard? One year later Dr. Rob Rhodes, the physician on the trip, along with community volunteers opened the first “Clinic with a Heart” clinic night. That night in May of 2003 they cared for 19 patients in collaboration with Community Action.

Today, each clinic has a Team Sponsor which provides a portion of financial and volunteer support. The Team Sponsor's clinic night becomes their mission. Seven churches, one temple, two hospitals and a teaching institution sponsor mission teams. Evening walk-in clinics are held every Tuesday and Thursday and the 1st Monday of each month. We provide medical services at every clinic and provide dental, physical therapy, vision, chiropractic, hearing screenings, mental health assessments and spiritual care at various clinics. Throughout the month there are also appointment only clinics for orthopedic, hypertension, diabetes, allergy and asthma, and dental extractions.
