2018 Region 4 Conference – Registration Now Open!

Register online today for the 2018 Region 4 Conference, July 10-12 in Big Sky, Montana. The 2018 Region 4 Conference provides a terrific opportunity for attendees to discuss today's relevant motor vehicle and law enforcement related issues. As with every AAMVA conference, the ability to network is one of the most beneficial experiences and this year's regional conference provides many valuable interactive and learning opportunities. Jurisdictional attendees can learn about the successes and challenges of others, share ideas, build relationships, and discover the many products and services provided by our industry partners that can assist in your mission. Industry attendees will have the opportunity to meet with key players in the motor vehicle and law enforcement arena. Visit the conference website for more information and to register!

Nova Scotia Implements the IDEC Certified Driver Examiner (CDE) Program

The AAMVA IDEC Board welcomes the Department of Transportation, Road Safety Division in Nova Scotia to the IDEC program. The AAMVA IDEC CDE program assists jurisdictions and non-commercial examiners by providing consistency in training. The program provides a standardized process for examiner training and increases jurisdictional operational efficiency through the use of better trained examiners. The IDEC training materials are updated annually by the AAMVA IDEC Board and Test Maintenance Subcommittee and provided free of charge to all AAMVA members. Jurisdictions interested in additional information on the program can contact Denise Hanchulak.

2018 AAMVA Workshop and Law Institute Receives CLE Accreditation

The Colorado Supreme Court, Office of Continuing and Legal Education has accredited the 2018 AAMVA Workshop and Law Institute for 12 CLE hours of standard instruction and 2.4 CLE hours of ethics instruction. For those attending attorneys needing a copy of the accreditation notice for verification purposes, please contact Cian Cashin at ccashin@aamva.org.

GA Department of Driver Services (DDS) Commissioner Champions Red Cross Blood Drive

GA Department of Driver Services (DDS) recently partnered with the American Red Cross to host a blood drive at the Agency’s headquarters in Conyers, Georgia. The facility is home to DDS’ administrative offices with approximately 300 team members stationed at the location. In five hours, the Red Cross Mobile Bus greeted 38 donors and collected 22 pints of blood – surpassing the DDS established goal of 18 pints! The Agency’s Human Resources Division coordinated the event by publicizing, registering, and passing out snacks to the donors.

FMCSA Seeks to Renew ICR on Lease and Interchange of Commercial Motor Vehicles
The Federal Motor Carrier Safety Administration (FMCSA) has submitted an information collection request (ICR) for approval regarding the lease and interchange of vehicles. This ICR will enable FMCSA to document the burden associated with the for-hire truck leasing regulations codified in 49 CFR part 376, “Lease and Interchange of Vehicles” and passenger carrier regulations codified at 49 CFR part 390, subpart F, “Lease and Interchange of Passenger-Carrying Commercial Motor Vehicles.” These regulations require certain for-hire motor carriers to have a formal lease when leasing equipment. The FMCSA requests approval to renew the ICR titled “Lease and Interchange of Vehicles.”

FMCSA Seeks to Collect Information on Commercial Vehicle Marking Burden Hours
The Federal Motor Carrier Safety Administration (FMCSA) has submitted an information collection request (ICR) for Office of Management and Budget (OMB) approval. The ICR will enable FMCSA to document the burden associated with the marking regulations codified in 49 CFR 390.21, “Marking of Self-Propelled CMVs and Intermodal Equipment.” These regulations require marking of vehicles and intermodal equipment by motor carriers, freight forwarders and intermodal equipment providers engaging in interstate transportation. Comments on the ICR are due by June 25, 2018.

FMCSA to Combine and Clarify Information Collection and Annual Reporting of Motor Carriers
The Federal Motor Carrier Safety Administration (FMCSA) has chosen to revise numerous information collection requests (ICRs). FMCSA seeks to revise and extend the “annual Report of Class I and Class II Motor Carrier of Property” which is necessary to ensure that motor carriers comply with FMCSA’s financial and operating statistics requirements. This ICR is being revised to incorporate the OMB-approved “Annual Report of Class I Motor Carriers of Passengers” for use of the MP-1 form (the “Annual Report Form (Motor Carriers of Passengers), which resulted in only two respondents and one burden hour per year. Through the merger of the two ICRs, FMCSA would rename the 2126-0032 ICR as the “Annual Report of Class I and Class II For-Hire Motor Carriers”. Such a merger with the new title will clarify that the combined ICR addresses both for-hire property and passenger carriers. Once merged, FMCSA will withdrawal the previously approved “annual Report of Class I Motor Carriers of Passengers.”
