This Week's Webinars

[NMVTIS State Web Interface \(SWI\) -- How to Correct Title and Brand Data on the Central Site](#)

Tuesday, March 20, 2018, 2:00 - 3:00 pm (ET)

In the past, states contacted the AAMVA Help Desk directly if they needed to make a data correction. As part of the NMVTIS reengineering effort, a Help Desk feature was created to allow states to correct their title and brand data on the central site. When states perform their own data corrections the timeliness and accuracy of the data corrections improves substantially. This webinar is focused on explaining the capability of the Help Desk feature as included in the SWI. Data correction scenarios are explained and matched to the correct update operation within the SWI. A brief overview of the SWI application will also be provided.

[Revised Novice Teen Driver Education and Training Administrative Standards \(NTDETAS\)](#)

Wednesday, March 21, 2018, 2:00 - 3:00 pm (ET)

The webinar will provide a background of The Association of National Stakeholders in Traffic Safety Education (ANSTSE), introduce the revised NTDETAS standards, provide information on each section of the standards, provide details on Coordination with Driver Licensing, reference the ANSTSE website, discuss the technical assistance that is available to the jurisdictions, emphasize the importance of the standards and how to take action utilizing the standards. The target audience would be State Driver Licensing Agencies.

"We will make it our aim every day to better serve the people of New Jersey. There is tremendous opportunity to bring about a positive change in New Jersey and I am excited to be a part of that change." Massachusetts RMV Transitioning to ATLAS

Massachusetts RMV is getting ready for their ATLAS Go Live date of March 26th. RMV will need to suspend services in order to transition between ALARS to ATLAS. Law enforcement will continue to have access to RMV data at all times through the use of a back-up data file. The RMV is engaged in a strategic communications effort to inform key stakeholders and customers of the impact of cut-over weekend so they can plan their business accordingly. With this transition comes changes for their customers, with three important points:

- RMV is transforming its business processes to provide customers and partners with new, modern, convenient ways to interact
- REAL ID and lawful presence documents required by federal and state law
- Temporary closure from 3-23 through 3-25

A [document checklist](#) and [closure graphic](#) provide more details, and this information is all available on their website at www.mass.gov/ID. There's also a special Info Center for customers at <https://www.mass.gov/guides/rmv-info-center>
